Here at DR Roofing we are the roofing specialists throughout Cheshire whether you want new roof installs or roof repairs make sure you look no further than us here at DR Roofing. Being in the building trade we often see a lot of problems relating to roofs in Cheshire, some of these are very simple roof repairs through to complete roof installs, whatever your roofing problem in Cheshire you can guarantee that we have seen it all.

Your roof is one of the fundamental parts of any property which, when it comes to repairs, can be very costly if something was to go wrong. Have you every been driving around Cheshire and seen a perfectly tiled roof? Well you can have that too with the help from us here at DR Roofing.

There comes a time that every roof in Cheshire is going to need some care and attention, this can sometimes be due to harsh weather conditions that have caused damage, whether this is wind, rain or both or alternatively age has taken its toll and you are beginning to notice a reduction in efficiency and an even worse occurrence such as leaks in to your home.

Here at DR Roofing in Cheshire we can offer you a free roof survey which will be carried out by one of our highly experienced roofers, during this survey we will be able to pinpoint any problems that are occurring or any future problem that may happen to your roof line. By making sure that you get a quote early you can ensure that less damage will occur which will therefore incur less cost to you for repairs, a few repairs are much more affordable than having to pay for a complete re-roof, therefore we will always advise that you act as quick as possible.

At some point in any home or commercial building in Cheshire, the time may come where a complete new roof install is required. If this is the case we therefore strongly suggest that you have one of our roof experts visit your property to make a complete assessment of the work involved before you make any decision.

Every roof install we carry out in Cheshire is carried out by one of our roofing experts, all of whom are highly trained and experienced roofers from the Cheshire area. Firstly we will begin by removing the tiles from your property which will allow us easy access to allow us to make a complete assessment of the structural damage that has been made to the joists and internal framework. After making sure that the joists are in tact we can then begin to replace the felt and tiles throughout your property in Cheshire with care and precision. We can also provide you with a range of insulation options that will help to improve the efficiency of your home whilst going
